Subject: RE: Region 1 Memo RE: PFAS

Hi Melanie,

Sorry for the delay. I did send some ideas to the Administrator, but I think that the most relevant activity is what occurred this week on PFAS. I think the concentrated EPA focus that is outlined in the Governor letters and with the forthcoming summit in DC will be excellent. We then are going to hold a follow up event in region 1. Hope you're at ECOS. I am supposed to do the oil spill drill tomorrow with Maine and NH weather permitting.

Alex,
Do you have anything you can share in regards to the email below?
Thanks,
Melanie

Subject: Region 1 Memo RE: PFAS

Hi Melanie,

During a brief conversation I recently had with our new Region 1 Administrator, Alex mentioned a memo she recently sent to Administrator Pruitt which outlined five PFAS related challenges facing state agencies. As I understand it, there was a response from the federal office that gave Region 1 staff reason to believe that the PFAS issue may soon be handled in a more coordinated manner.

Have you seen this memo or have information about the five items discussed? It sounds like its contents could help inform our agency's efforts.

Thanks,

Kerri
